

The Legend

2011 SEA DRAGONS SWIM TEAM

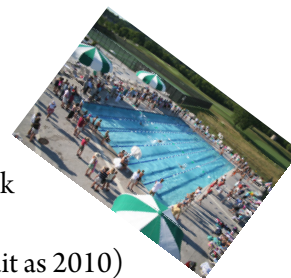

The Sea Dragons swim team at The Legend is designed to introduce young swimmers to the fundamentals of efficient, competitive swimming with the opportunity to show what they have learned during swimming competitions. The emphasis is on learning new skills, feeling successful, having fun and fostering an interest in the sport of swimming. Practices are designed to be fun, educational and motivating. The swim team will meet the needs of both experienced and inexperienced competitive swimmers.

To be eligible to join the swim team, swimmers should be at or above the level 4 skills in the lessons program. There are scheduled competitions during the summer for members of the team, however participation is optional. Additional team apparel will be available this summer as well.

We will be tentatively planning a stroke clinic for August and would like to determine how much interest there is for this offering. If you are interested in having your child participate in this clinic, please indicate this on your registration form.
